EXPERIENCE

Intern Full Stack Developer

Profound Edutech Private Limited

📅 2023 - 2024 📍 Nashik, Maharashtra

Profound Edutech IT Training Powerhouse, Merging Knowledge and Industry Needs. Bridging Academia and IT Demands with Expert Faculty.

- Developed a MERN stack project, integrating MongoDB, Express.js, React, and Node.js to create a robust application.
- Designed and implemented responsive user interfaces using HTML, CSS, and JavaScript for enhanced user experience.
- Applied agile methodologies, ensuring efficient project management and timely delivery of milestones.
- Learned about faster and better ways to build apps and how to manage changes in the project.

PROJECTS

E-Commerce Website (Shopnow)

🌐 <https://shopnow-delta.vercel.app/>

- creation of 'ShopNow' using React JS, Node.js, Express, and MongoDB for a smooth shopping experience
- Smooth data handling in the website's backend with Node.js, Express, and MongoDB.
- Added important stuff like user logins, managing product lists, carts.
- Created an admin panel to easily handle products and grow the website.
- create a scalable, industry-standard e-commerce platform with full responsiveness across all devices.
- Upcoming Enhancements: Payment Gateway Integration: Ensuring secure and seamless transactions.

Sundown Studio Clone

🌐 <https://rupeshsutarofficial.github.io/Sundown-Studio-Web/>

- Sundown Studio's website incorporates smooth animations using HTML, CSS, and JavaScript,
- leveraging libraries like Locomotive.js for an engaging user experience.
- The website features Swiper.js integration for dynamic and interactive content sliders.
- The website is mobile-friendly for smooth navigation, ensuring optimal functionality and visual appeal.

Cynthia Ugwu Clone

🌐 <https://rupeshsutarofficial.github.io/Cynthia-Ugwu-Clone/>

- Developed a website using HTML, CSS, and JavaScript.
- Implemented smooth animations and scrolling for a seamless user experience.
- Utilized Locomotive JS and GSAP for enhanced functionality and dynamic animations.
- Checked cross-browser compatibility for a consistent experience across different browsers.
- <https://www.awwwards.com/sites/cynthia-ugwu>

Modern Landing Page

🌐 <https://rupeshsutarofficial.github.io/Modern-Landing-Page>

- Prioritize performance with optimized animations
- Enhance visual appeal with Shery.js, incorporating gooey effects, text effects and captivating hover animations
- Engage visitors with fluid and dynamic animations
- Checked cross-browser compatibility for a consistent experience across different browsers.
