#### Intern Full Stack Developer

Profound Edutech Private Limited,Nashik  
2023 - 2024 Nashik,Maharashtra

Profound Edutech IT Training Powerhouse,Merging Knowledge and Industry Needs.Bridging Academia and IT Demands with Expert Faculty.

- I Developed a **MERN Stack Project** , integrating **MongoDB,Express.js, React Js**, and **Node.js** to create a **robust application**.
- Designed** and implemented **responsive** user interfaces using **HTML, CSS** and **JavaScript** for enhanced user experience.
- Applied agile methodologies, ensuring **efficient project management** and **timely delivery of milestones**.
- Learned** about **faster** and better **ways to build apps** and how to manage changes in the project.

### PROJECTS

#### E-Commerce Website (Shopnow)

- Creation of '**ShopNow**' using **React JS, Node.js, Express**, and **MongoDB** for a smooth shopping experience
- Smooth data handling** in the website's **backend** with **Node.js, Express**, and **MongoDB**
- Added important stuff** like **user logins**, **managing product lists**, **carts**.
- Created an admin panel** to easily handle products and grow the website
- Create a scalable, industry-standard e-commerce platform** with **full responsiveness** across all devices.
- Upcoming Enhancements: Payment Gateway Integration:** Ensuring secure and seamless transactions.

#### Sundown Studio Clone

- Sundown Studio's website incorporates **smooth animations using HTML, CSS**, and **JavaScript**.
- leveraging libraries like **Locomotive.js** for an **engaging user** experience
- The website **features Swiper.js integration** for dynamic and interactive content sliders.
- The website is **mobile-friendly** for **smooth navigation**, ensuring optimal functionality and visual appeal.
- Engage visitors with **fluid and dynamic animations**
- Checked **cross-browser compatibility** for a consistent experience **across different browsers**.
